

## BloomingtonCoupons.com

Westfield Middle School's very own Art Teacher, Deyana Matt, who is also a 25 year long Bloomington resident, has created a website for the town of Bloomington. The unique website is BloomingtonCoupons.com.

Deyana's idea behind creating BloomingtonCoupons.com was to bring about more business to Bloomington as well as to promote and support community involvement amongst the town. Considering such, 100% of the profit earned from business participation will be donated back to Bloomington School District 13 for students to do Character Counts projects within the Bloomington community.

Below you will find a bit more information regarding the website. Be sure to check out the website as well as join the mailing list at [www.bloomingtoncoupons.com](http://www.bloomingtoncoupons.com)
