From the Principal

Special thanks to all parents who attended Curriculum Night last Thursday evening, we value and encourage communication between home and school whenever possible. The following is the average percent of parent attendance per classroom for Curriculum Nights over the last 16 years, 2001 = 71%, 2002 = 72%, 2003 = 74%, 2004 = 68%, 2005 = 68%, 2006 = 71%, 2007 = 70%, 2008 = 76%, 2009 = 72%, 2010 = 73%, 2011 = 76%, 2012 = 73%, 2013 = 73%, 2014 = 75%, 2015 = 76%, 2016 = 72% (a 73% parent attendance rate for the last 16 years).

Thank you to parents that provided or baked items for the PTO bake sale last week. The proceeds from the bake sale, along with other PTO fundraisers throughout the school year, pay for so many things that benefit the students. Among them are such activities as assemblies, teacher "wish list" items, technology upgrades like the video screen in the front lobby of the school, covers for the kindergarten tablets, toggle cables for each classroom so that chromebooks and classroom projectors are compatible, and room and board for all the staff who attend the Lorado Taft outdoor education field trip in the winter.

During our first school improvement session (SIP/Early dismissal day 3rd Wednesday of each month from 2:00-4:00) staff will work on a Social Emotional (SEL) screener that will be used to assess all students and their social and emotional well-being. This screener will be used in October to create a baseline and identify students who may be in need of some support or assistance. The screener will then be given again in March to measure student growth in this area. Kindergarten and first grade teachers will be working on the newly adopted KIDS assessment for kindergarten students. This is a statement from the Illinois State Board of Education (ISBE) regarding the KIDS assessment -

“All kindergartners are assessed for readiness”. ISBE is currently in the process of revising the implementation plan for the KIDS school readiness initiative to meet the state goal. The current proposal utilizes the Kindergarten Individual Development Survey reporting system to collect school readiness data on 14 measures for every kindergartner at the beginning of the school year. The 14 measures cut across multiple domains including Language and Literacy Development, Cognitive Math Development, Social Emotional Development and Approaches to Learning.

More information on the KIDS assessment to follow.

Physicals, immunizations, and eye exams for kindergarteners and students transferring from out of state were due on the first day of school. Also, all kindergarteners and 2nd graders must have a current dental record on file. These health, eye, and dental records should be given to DuJardin's school nurse, Mrs. Johnson. Parents of children for whom we do not have the proper physical and immunization records will receive a letter indicating the area of deficiency. These deficiencies should be cleared up by October 11th. Children for whom proper records are not on file will be excluded from school beginning on Friday, October 14, 2016.
